PROFESSIONAL SUMMARY

Full Stack Developer and BS Computer Science student with three years of programming and project-based learning. Built academic and personal web applications using the MERN stack and .NET, including authentication, role-based access, APIs and database workflows. Also experienced in proposal writing, lead generation and client communication. Seeking a full-stack development or software engineering internship / junior role.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C#

Frontend & Design: React, HTML5, CSS3, Tailwind CSS, Bootstrap, Figma, UI/UX

Backend & APIs: Node.js, Express.js, PHP, Laravel, ASP.NET/.NET, REST API Integration

Databases: MongoDB, SQL Server, MySQL

Tools & Other: Git, GitHub, VS Code, ESP32/Arduino

SELECTED PROJECTS

EventSphere | React, Node.js, Express.js, MongoDB

- Built an academic multi-role event management platform with admin, organizer and attendee dashboards, REST APIs and event registration workflows.
- Implemented role-based access and responsive interfaces for event browsing, booking and management.

EarthScape | Web Application | React, Node.js, MongoDB

- Developed a full-stack academic web application with user management, authentication and database-backed workflows, for structured user workflows.

Gamaxy Gaming Website | .NET, Three.js, JavaScript, SQL

- Built a gaming-themed website using .NET and SQL, with responsive layouts and interactive Three.js elements.

Smart Parking System | IoT Prototype | ESP32/Arduino, Flutter

- Built an IoT prototype using sensors, servo motors and an LCD for parking-slot status, with a companion Flutter interface and Bluetooth connectivity.

WORK EXPERIENCE

Upwork Bidder / Sales | Occreva — Dec 2025 - Present

- Research relevant client opportunities, write tailored project proposals, generate leads and support client communication during onboarding.

Sales Executive | ARTEX — Sep 2024 - Nov 2024

- Connected with prospects through Discord and Twitch, promoted digital artwork and built client relationships.

EDUCATION

BS Computer Science — Hamdard University | Fall 2026 - Present

Diploma in Software Engineering — Aptech Learning Pakistan | 2023 - Oct 2026 (Completed)

Intermediate, Computer Science — Govt. Degree Boys College, North Karachi | 2023 - 2025

Matriculation, Computer Science — Smart Kids Schooling System | 2021 - 2023

LANGUAGES

English, Urdu
